

Belgian Mum - Savona

Known for their abundance of densely packed flower buds, Belgian Mums are mounded in shape and require no pinching or staking. They provide a welcome burst of color to the late season landscape. Can be a perennial (with the help of a layer of mulch over the winter) or annual.

Specifics:

- *Full Sun*
- *Height: 12 – 30 inches*
- *Spacing: 12 – 24 inches*
- *Best in fertile, well-drained soil.*
