

# Proven Winners Limelight

This continuous blooming hydrangea has unique bright chartreuse blooms in mid-summer that hold bright and refreshing color right into autumn when the blooms change color to a rich deep pink.

## Specifics:

- *Hardiness Zone: 3*
- *Full sun to partial shade*
- *Mature plant size: 6 – 8 feet*
- *Adaptable to different soil types*
- *Prefers medium moisture but can tolerate drought*

# Proven Winners Little Lamb

Little Lamb is unique because its flower petals are the smallest and most delicate of any Hydrangea. This special shrub blooms in mid-summer and lasts into autumn. The pure white blooms light up a garden, blend wonderfully with all other colors and may turn pink in the fall.

## Specifics:

- *Hardiness Zone: 3*
- *Partial Sun to Full Sun*
- *Mature plant size: 4 to 6 feet*
- *Most adaptable to different soil types*
- *Soil pH does not affect bloom color*

# Proven Winners Little Lime

Little Lime sports the same great flowers and coloration as 'Limelight' but in a smaller package. At one third the size of traditional hardy hydrangeas, this new variety fits well into any landscape. Summer flowers open soft green and turn pink and burgundy in fall.

## Specifics:

- *Hardiness Zone: 5*
- *Partial Sun to Full Sun*
- *Mature plant size: 3 to 5 feet*
- *Soil pH does not affect bloom color*

# Proven Winners Pinky Winky

Large 12-16" flower heads emerge from this two-toned hydrangea in mid to late summer then turn pink and continue to push new white florets at the tip. It blooms regardless of climate, soil, pH or pruning.

## Specifics:

- Hardiness Zone: 3
- Partial Sun to Full Sun
- Mature plant size: 6 to 8 feet
- Adaptable to many soil types
- Soil pH does not affect bloom color
