

Blue Waterfall Bellflower

In a world with dozens of bellflower selections, 'Blue Waterfall' stands apart for its vibrant green foliage, gushing habit, and extended bloom season. The quantity of its bright shimmering blue star-shaped flowers makes it look like a miniature blue waterfall.

Specifics:

- Perennial
- Full sun to light shade
- Blooms May through August
- Plant size: 8 – 10” with sprawling habit
- Does not require pruning
- Attracts butterflies and is deer-resistant
